## Joint Session of the European Association of Urology (EAU) and the Pan-African Urological Surgeons Association (PAUSA)

Urology beyond Europe

**Friday 10 March**  
**13:00 - 15:00**

**Location** Pink Area, ESU 1

**Chairs** J. N'Dow, Aberdeen (GB)  
A.S. Zribi, Tunis (TN)

### Learning objectives

The session comprise 4 Topics: Bladder Cancer, Urolithiasis, Reconstructive Urology and Collaboration in Urotechnology (minimally invasive Urology) with a perspective from Africa and a perspective from Europe.

The learning objectives for each topics are:

- To describe the practice in underserved areas and confront them with evidence based practice
- Underscore the innovations in Urology practice and explore the best ways to apply them in current practice
- Develop partnership to improve global urology practice by bridging the north South gap

**13:00 - 13:02**

### Introduction

**13:02 - 13:31**

### Bladder cancer

**13:02 - 13:09**

#### Bladder cancer in Libya

R. Abusamra, Misurata (LY)

**13:09 - 13:16**

#### What's new in non-muscle invasive bladder cancer diagnosis and treatment

To be confirmed

**13:16 - 13:31**

### Discussion

**13:31 - 14:00**

### Urolithiasis

**13:31 - 13:38**

#### What water and lemons can do to stones and stone fragments

S.R. Aminu, Rochdale (GB)

**13:38 - 13:45**

#### How to follow-up patients after definitive stone treatment

A. Skolarikos, Athens (GR)

**13:45 - 14:00**

### Discussion

**14:00 - 14:29**

### Uro-genital reconstruction

**14:00 - 14:07**

#### Robotic surgery in an academic hospital: The first state hospital to acquire a da Vinci Xi Robotic system in Africa

A.S. Salukazana, Cape Town (ZA)

**14:07 - 14:14**

#### What's new in the EAU Urethral Stricture Guidelines

T.J. Greenwell, London (GB)

**14:14 - 14:29**

### Discussion

**14:29 - 14:58**

### Minimally invasive techniques

**14:29 - 14:36**

#### South South Collaboration in the development of mini invasive techniques in urology

H.J.G. Berthe, Bamako (ML)

**14:36 - 14:43**

#### Opportunities for increasing role of technology in urological care globally

A.S. Gözen, Ostfildern (DE)

# Scientific Programme - EAU23 Milan

---

14:43 - 14:58

Discussion

---

14:58 - 15:00

Closing remarks
